## CONTENT

<i>V. Bondarenko, M. Hardygora, H. Symanovych, V. Sotskov, V. Snihur</i> Numerical methods of geomechanics tasks solution during coal deposits' development	1 – 12
<i>V. Krasnyk</i> Designing cutting tools of mining machines for coal auger mining	13 – 19
<i>M. Pedchenko, L. Pedchenko</i> Technological complex for production, transportation and storage of gas from the offshore gas and gas hydrates fields	20 – 30
<i>V. Kovalenko, V. Harkusha</i> Estimation of corrosion resistance of curing mixtures based on coal-bearing rocks from Western Donbass	31 – 36
<i>M. Tabachenko, P. Saik, V. Lozynskyi, V. Falshtynskyi, R. Dychkovskyi</i> Features of setting up a complex, combined and zero-waste gasifier plant	37 – 45
<i>M. Stupnik, V. Kalinichenko, S. Pysmennyi, M. Fedko, O. Kalinichenko</i> Method of simulating rock mass stability in laboratory conditions using equivalent materials	46 – 51
<i>O. Davydenko, B. Ratov, A. Ighnatov</i> Determination of basic calculation and experimental parameters of device for bore hole cleaning	52 – 58
<i>M. Antoshchenko, V. Mel'nik, M. Filatiev, A. Dubovyk</i> Regularities of surface subsidence and rocks displacement within the boundaries of local workings	59 – 64
<i>V. Moisyshyn, K. Levchuk</i> The impact of vibration mechanism' installation place on the process of retrieving stuck drill pipe	65 – 76
<i>Ye. Malanchuk, Z. Malanchuk, V. Korniienko, S. Gromachenko</i> The results of magnetic separation use in ore processing of metalliferous raw basalt of Volyn region	77 – 83
<i>O. Shashenko, O. Kovrov, B. Rakishev</i> Failure criteria for structurally heterogeneous materials	84 – 89
<i>S. Alekseienco, G. Zavialov, I. Shaikhislamova</i> Energy indicators of the rescue units members	90 – 96
<i>A. Manhura, S. Manhura</i> Mechanism of magnetic field effect on hydrocarbon systems	97 – 100
<i>M. Kononenko, O. Khomenko, A. Sudakov, S. Drobot, Ts., Lkhagva</i> Numerical modelling of massif zonal structuring around underground working	101 – 106
