

CONTENT

<i>Konoval S.V., Ishchenko K.S., Kratkovskiy I.L., Konoval V.M.</i> Features of explosive destruction of compound environment with charges of different forms on contact “explosive-rock”	393
<i>Fomychov V.V., Sotskov V.O., Gusiev O.S.</i> Determine of changes of the bearing characteristics elements of drift support during its undermining in conditions of fine-grained rock massif	399
<i>Tishkov V.V.</i> Estimation of water control in channel underground gas generator during changing of parameters constant mass in condition Dniprobass	409
<i>Shvets V.Ya., Baranets A.V.</i> International education programs as an effective form of transfer of logistic knowledge	415
<i>Malieiev M.V., Martynov A.A., Yakovenko A.K.</i> Calculation of air temperature in adjoining mine workings network and on extraction faces of deep mines horizons on PC	423
<i>Golinko V.I., Saveliev D.V., Liebiediev Ya.Ya., Ishchenko K.S., Kratkovskiy I.L.</i> Influence of surfactants on dispersed of silica dust under explosive destruction of coal-rock massif	431
<i>Cheberiachko S.I., Yavorska O.O., Cheberiachko Yu.I.</i> Investigation of construction influence of half mask design on their ergonomic properties	437
<i>Drizhd M.O., Kamarov R.K., Isabek T.K., Portnov V.S.</i> Reduction technologies of sulfur-containing gases during mining operations	447
<i>Mukha O.A., Pugach I.I.</i> Influence of aerodynamic parameters of ventilation borehole on the operations of main fan	461
<i>Gorova A.I., Kolesnyk V.Ye., Myronova I.G.</i> Increasing of environmental safety level during underground mining of iron ores	473
<i>Tarasova A.I., Yegorov P.O., Nettiaga O.B., Temchenko O.I.</i> Technology of sorbents production from coal combustion products	481
<i>Yurchenko A.A.</i> Methods research of ecological safety increasing of large-scale blasting in quarries by the dust factor	487
<i>Pavlychenko A.V., Kovalenko A.A.</i> Research of environmental consequences of coal mines waste disposal in the environment	497
<i>Buchavyy Yu.V., Pavlychenko A.V., Semerich K.V.</i> Research of landscaping degree of sanitary protection zones of mining enterprises with application of GIS-technologies	509
<i>Chetveryk M.S., Mishina O.V.</i> Evolution of world energy systems and their impact on stable condition of economy and society	519
<i>Biletskyi V.S.</i> Technological and environmental aspects of ukrainian salty soul development	527
<i>Buzylo V.I., Pavlychenko A.V.</i> Environmental and man-made consequences of coal mines abandonment	535
